

Co-financed by the Connecting Europe Facility of the European Union

Connecting Regional and Local Administrations to Spanish eIDAS Node

eID4Spain

INEA/CEF/ICT/A2018/1633095

Objectives:

- **Adapt solutions to connect to CL@VE 2.0 according to the new interfaces and requirements**
- **Support the accomplishment of the eIDAS regulation by Spanish public entities to ensure cross-border mobility**
- **Facilitate access to Spanish public e-services for all EU citizens and businesses using their national eID**

The benefits of Electronic Identification (EID) and Trust Service Solutions for SMEs

eIDAS
