"Implementing the European Standard in consolidated eInvoicing cloud platforms"

Co-financed by the Connecting Europe Facility of the European Union

OpusCapita

BENEFITS

Processes automation:

Lower costs and less operational services.

Doing without manual mechanisms:

Administrative burdens reduction and faster payments for individual invoices.

Supporting companies to manage their contracts at European level:

B2G eProcurement encouragement.

The three benefits above:

Easier cross-border trade operations!

DIRECTIVE 2014/55/EU

According to the Directive 2014/55/EU on electronic invoicing in public procurement, it must be a definition of a common European Standard on eInvoicing at the semantic level, which promotes the eProcurement system among public administrations.
